

GROWTH ENERGY **BOARD CO-CHAIR**

## Jeff Broin

Chairman and CEO, POET, LLC

Jeff Broin is the Chairman and CEO of POET, the largest producer of biofuels worldwide. The 28 U.S. plants, designed and constructed by POET, have a combined annual production capacity of 1.7 billion gallons of ethanol. Mr. Broin grew the company from one small plant to the current comprehensive network of facilities, and simultaneously founded and built joint management, marketing, research and design companies that continually work with the POET network of plants. POET has also been a pioneer in the area of cellulosic biofuel technology. POET recently built and operates Project Liberty, one of the first cellulosic ethanol plants in the U.S. Mr. Broin has been heavily involved in biofuels advocacy and promotion on both the federal and state levels for more than 25 years.
